

**LT GEN KHALID NAWAZ KHAN, HI(M), SITARA-E-ESAAR (RETD)
MANAGING DIRECTOR FAUJI FOUNDATION
& PRESIDENT FOUNDATION UNIVERSITY ISLAMABAD**

FOUNDATION UNIVERSITY ISLAMABAD (FUI)

The FUI is located in Islamabad Pakistan. The University was established in 2002 to provide high quality education conforming to the International standards. It has got two Campuses, as Foundation University Islamabad Campus (FUIC) and Foundation University Rawalpindi Campus (FURC). The FUI offers undergraduate, postgraduate and doctoral studies in medical sciences, humanities, fine arts, philosophy, engineering and various registered academic programmes. Its primary financial endowment and funding are sponsored by the Fauji Foundation run under the auspicious of Pakistan Army.

In a University category list issued by the Higher Education Commission (HEC) in 2013, Foundation University has been placed in highest W-4 category.

MISSION

The FUI's mission is to inspire creative inquiry and research to foster personal and professional development of its students. The FUI is committed to provide equitable access to holistic education in diverse disciplines to produce valuable human resource for the local and the global communities.

VISION

The FUI aspires to be among the leading institutions of higher learning which contributes towards development of the nation through excellence in education and research.

GENESIS

The FUI was granted the Charter by the Federal Government vide Ordinance No. LXXXVIII of 2002, as promulgated by the President of Pakistan and notified in the Gazette of Pakistan.

The FUI is an affiliated project of Fauji Foundation (FF) which is a charitable trust for the welfare of ex-servicemen of armed forces and their dependents. Operating as a self-supporting entity in the private sector, it has been generating financial resources to meet its welfare obligations through its own industrial and commercial projects. Today, the Foundation extends social welfare services to over 9 million beneficiaries i.e. 5% of country's population. Around 80% of its annual earning is spent on welfare.

It successfully manages a large healthcare chain of 115 hospitals, medical centers and dispensaries, 109 schools/colleges, and 74 vocational/technical training centers. The Foundation successfully meets all its continuously expanding welfare obligations across the country from resources generated by it.

Rector's Message

Foundation University Islamabad (FUI), a project of Fauji Foundation was established under a federal charter in October 2002. The study programmes offered by the University have been duly accredited by Higher Education Commission (HEC), Pakistan Medical & Dental Council (PM&DC), College of Physicians and Surgeons of Pakistan (CPSP) and all relevant bodies. The University has been rated as category 'W4' (the highest rating category) by the HEC and is also ISO 9001:2008 QMS Certified. Foundation University aims to become a research-led institute, and for this purpose, the University has established Office of Research Innovation and Commercialization (ORIC). FUI is vigorously pursuing academic and research collaborations with well-reputed universities both within as well as foreign countries.

Foundation University is a quality conscious institution and follows a viable Quality Assurance mechanism. Quality Enhancement Cell (QEC) at FUI has also been revamped to constantly monitor the assessment of student's learning outcome, evaluate existing programs for relevance and effectiveness and regularly carrying out faculty assessment. Besides quality education and research, the FUI is also focused on the students counseling, career guidance and serves as a bridge between the university graduates and the employers. The University regularly organizes the open houses and job fairs to facilitate its students in choosing the right direction for their professional grooming.

FUI is offering high quality education on the most innovative/modern lines and is committed to provide equitable access to holistic education in diverse disciplines. The faculty of FUI is highly qualified and dedicated to achieve academic excellence. FUI has state-of-the art, purpose built academic blocks with spacious lecture halls, equipped with interactive boards. In addition, there are video conferencing halls, a digital library, a student's hub, clinical skill laboratory, a multi disciplinary laboratory, medical laboratories, museums, auditorium and conference rooms. FUI has also launched its unique campus management system to help the students, faculty and the administration to work in a homogenous paperless environment to enhance efficiency. The Examination Branch ensures a unified, technologically strong, and transparent system that guarantee highly reliable testing and evaluation procedures with zero tolerance.

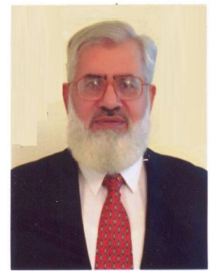

The Foundation University Islamabad Campus (FUIC) comprises Medical and Dental College and an Institute of Rehabilitation Sciences. It has a well reputed fully equipped 750 bedded hospital with all allied facilities, as the Teaching Hospital for undergraduate and postgraduate programs up to strength over 1500 students in all medical related disciplines.

I would like to assure the parents and our prospective students who are thinking to become part of the FUI family that their decision to join Foundation University Islamabad Campus will certainly be rewarding. The University's management, faculty and the administration staff will always be keen to assist and guide them, not only during their stay at the campus but even after becoming the proud graduates of FUI.

May ALLAH Almighty shower his blessing on all of us to achieve our mission.

Maj Gen Khadim Hussain, HI(M) (Retd)

Director & Principal FUIC

Welcome to Foundation University Islamabad Campus (FUIC). This Institution offers you high quality most modern medical education, unique learning environment, state of the art facilities, all housed in a purpose built campus.

We envisage our graduates as clinically capable doctors who have good understanding of both scientific and humanistic medicine, up-holding the respect of life from the moment of conception to its natural end.

The education system is at par with international standards. Making full use of the most up-to-date approach to adult learning and teaching we have adopted student centered approach. Inter-professional education and collaborative practices are embedded in the curriculum, developing awareness of ethical and professional responsibilities.

From the 1st Year the students are introduced to clinical training through the “clinical skill lab” where training in medical history taking, physical examination of the patient and hands-on experience in common procedures like intravenous line intra muscular injections etc. is imparted on manikins and simulators.

We review our program on regular basis in order to keep abreast with latest trends and innovations in learning techniques. The success of our curriculum and teaching is reflected in the outstanding performance of our graduates not only at national level in FCPS program but also at international level in USMLE, PLAP and Australian examinations.

At the end of five years medical course, you graduate with the degree of MBBS and you are entitled to provisionally register with PM&DC for the Foundation Course (house job). Full registration is conferred after one year foundation course. FUIC provides you the opportunity to complete your foundation course (paid house job) under the same university i.e. FUI at Fauji Foundation Hospital (FFH) which is over 750 bedded teaching hospital attached with FUMC.

Fauji Foundation Hospital (FFH) is a tertiary care teaching hospital with state of the art facilities. It caters for a wide variety of patients from Rawalpindi and adjoining areas. FFH is recognized by College of Physicians and Surgeons Pakistan (CPSP) for FCPS Part II training in all major disciplines of Medicine and Surgery. The departments of Physiology, Hematology, Histopathology, Chemical Pathology, Microbiology and Community Medicine are also recognized by CPSP for FCPS Part II training.

FUIC awaits the forward looking students having aptitude for medicine to polish them into accomplished professionals.

Professor Maj Gen Dr. Akhtar Waheed, (Retd)

FOUNDATION UNIVERSITY MEDICAL COLLEGE (FUMC)

Welcome to FUMC. The FUMC was established in 2000. The purpose built campus has multi-storey building for academic block, a girl's hostel, a boy's hostel and an auditorium. It has state of the art lecture halls, examination halls, labs, museums, dissection hall, library, computer cell and Top of the line Medical Equipment.

FUMC offer's 100% Paid job to the House Officers and post graduate (FCPS Part – II) training Facilities are available in Basic Science and Clinical Sciences and has recently developed a fully equipped Multi Disciplinary Laboratory (MDL)

Programmes

The MBBS, BDS and DPT programmes offered at the Foundation University Islamabad are developed on modern lines. They are designed in such a manner that they fulfil the future requirement of the market and equip the graduates to meet future challenges.

Dr Muhammad Saad Abdullah

MBBS Batch 2004-2008

Ex-student FUMC

DEMONSTRATOR IN ANATOMY DEPARTMENT FUMC

My journey at FUMC began on January 2004. After completing house job from Fauji Foundation Hospital (FFH), Rawalpindi I joined FUMC as a Demonstrator in Anatomy Department in February 2012. My department granted me study leave to complete M.Phil. (Anatomy) and later welcomed me back in FUMC with open arms.

Looking back at the time I spent in FUMC, I consider it the best time of my academic tenure. FUMC not only provided me with nourishing academic ground but also gave me up-to-date clinical experience. Basic Sciences departments having state-of-the-art laboratories, a large collection of specimens in Museums of Anatomy and Pathology Departments and access to cadavers helped me prepare myself for the clinical subject. FFH, a tertiary-care hospital, with huge patient inflow in its 750 bedded hospital and many subspecialty departments, like Rehabilitation Centre and Artificial Limb Centre, gave me one of its kind clinical experience. My time in FFH aided me in acquiring ethical and professional behavior with empathetic attitude towards patient care, which in turn brought me a lot of prayers and satisfaction. It was not all nerdy at FUMC, with co- and extra-curricular activities ranging from clinical workshops/seminars/conferences to debating and wide range of sports activities gave me opportunity to perfect qualities like teamwork, decision-making and completing goals under pressure.

FUMC Alumni Association, comprising of eleven batches to date, is well-organized and has its presence all over Pakistan and many parts of the world. Alumni of my alma mater is a source of strength for me and it will continue to provide guidance to future Fumcolians.

I am indebted to Almighty Allah for giving me opportunity to be a part of this prestigious institute. May Allah (SWT) bless my alma mater with more success and prosperity. Aameen!!!

Dr Wardha Mazhar Malik

MBBS Batch 2004-2008

Ex-student FUMC

DEMONSTRATOR IN PHARMACOLOGY & THERAPEUTICS DEPARTMENT

I joined FUMC in 2004 as the 4th MBBS batch and received my MBBS Graduation degree in 2009. In 2011 I started working here as a Demonstrator in the Department of Pharmacology. After two years of working in 2013, I started my M.phil training from Army Medical College NUST, which I completed in 2015 and rejoined FUMC. Now I am looking forward to pursue my carrier in my own college and ready to teach what I was once being taught.

Looking back on my five years, I realize that this college groomed me excellently in order to serve the suffering of community of Pakistan. The teachers provided a nurturing environment and made learning easier and palatable for me. We were provided all modern academic facilities in the state of art lecture halls and laboratories and in the end we were given a comprehensive exposure to clinical practice. Class punctuality achieved by the administration in FUMC is the distinction of this truly collaborative process.

I am lucky in receiving a high quality education and professional development plan for post graduation which I was being able to accomplish. My Institution has promoted ethics of my professional behavior, personal enrichment, learning about subject, provision of best medical care and most of all bestowed me with a inspiration to teach and impart knowledge to others which can bring lots of prayers, satisfaction and joy for the rest of my life.

I am in-debted to register that my each endeavour of five years academic life in FUMC I learnt and felt that FUMC is a place worth studying and teaching.

As someone has rightly said *"The best teachers teach from the heart not from book"*, may Allah bless my institution and give me the same courage, dedication and passion to teach the same way to my students (AMEEN).

The College Organization

Dean / Principal

Professor Dr Maj Gen Akhtar Waheed (Retd)

- **Academics**

- **Basic Sciences** - Senior Most Professor headed by Associate Dean Basic Sciences (BS) (Professor Dr. Muzammil Hasan Najmi) who assist the Dean/Principal in all Academics and Activities (ECA). It includes the Departments of Anatomy, Physiology, and Biochemistry.

- **Pre Clinical Sciences** - Headed by Associate Dean Pre Clinical Sciences (PCS) (Professor Dr. Muzammil Hasan Najmi) who assist the Dean/Principal in all Academics and Extra Curricular Activities (ECA). It includes the Departments of Pathology & Histopathology Lab, Pharmacology & Therapeutics, Community Medicine and Forensic Medicine.

- **Clinical Sciences** - Headed by Associate Dean Clinical Sciences (CS) (Professor Dr. Tassawar Hussain) who assist the Dean / Principal, coordinates the clerkships and house job at Fauji Foundation Hospital and all other aspects of Academic and ECA within the Clinical Departments. It includes the Departments of Medicine & Allied, Surgical & Allied, Obstetrics and Gynaecology, Paediatrics, ENT, Ophthalmology, Psychiatry, Anaesthesia, Orthopaedics, Dermatology, Radiology, Urology (optional) and Neurosurgery (optional).

➤ **Medical Education Department**

• **Administration**

➤ **Administration Wing**

(General Administration, Accounts Section, Hostels and Cafeteria)

➤ **Students' Affairs Wing**

(Students' Affairs Branch, Library & Computer Cell)

➤ **Faculty Affairs**

Students Hub

Students Hub has been established to provide one window facility to the parents / students and admission desirous candidates and students who seek the information about the admission, examinations, results, payments and all related details from admission till graduation and beyond. The Students Hub is located at the campus entry point which is envisioned to facilitate the student and visitors. As by it offering a variety of services to students and facilitates their extra and co-curricular activities.

Outside View

Inside View

Department of Medical Education

Goal

The goal of Department of Medical Education (DME) is to promote excellence in medical education and professionalism through curriculum planning, innovative teaching, valid and reliable assessment techniques and educational research.

Foundation University Medical College has introduced educational reforms through implementing the best credible educational practices to match global standards in medical education. The department of medical education aims at providing expert resource particularly in the areas of curriculum development and assessment to ensure the delivery of high quality undergraduate and postgraduate educational activities. Evaluation of the outcomes of the curriculum and teaching quality is an integral part of this process. DME encourages and assists faculty in educational research which is required to achieve international quality teaching practices which are evolving rapidly in response to the changes in the traditional learning environment and educational technology.

Faculty

Director:

Prof Dr. Maj Gen Akhtar Waheed (R)

Senior Associate Academics

Dr Naushaba Sadiq

Senior Lecturer

Dr Ayesha Ghassan

Coordinator:

Maj Shakeel-ud-Din (R)

Demonstrator:

Dr Ayesha Zahoor

Dr. Amina Zulifqar

Dr. Tayyeba Iftikhar

Scope of the DME activities

DME is working in the areas of

- Faculty development
- Curriculum development
- Teaching /Learning Methodologies
- Student assessment
- Research in medical education
- Student support program

Faculty Development

DME takes keen interest in the professional and personal development of faculty. The department provides training courses designed to enhance the quality of teaching, learning and assessment not only for the faculty of Foundation University but also for the sister institutions. DME holds regular faculty development workshops, conferences at the campus and also advises faculty regarding the external faculty development programs. Recently organised and hosted Medical education conference (AEME-2015) at Foundation University Islamabad was a great success.

The detail of faculty development activities is as under

In house workshops:

- Curriculum development workshop
- Communication skills workshop
- Integrated assessment workshop
- PBL facilitation skills workshop
- Effective Mentoring skills workshop
- Research methodology workshop

External faculty development programs

Significant number of faculties from Foundation University Medical College has been trained through courses offered by Aga Khan University Karachi, Riphah University Islamabad, Khyber Medical University Peshawar, DOW university of Health Sciences Karachi and CPSP Karachi. There is always a good representation of FUMC in conferences, seminars and workshops held at national and international level.

Curriculum development

The DME plays a major role in curriculum development which requires appropriate expertise, experience and commitment to undertake this responsibility. As integrated modular teaching program has been implemented at FUMC since 2009, DME plays a pivotal advisory role in curriculum development and revision in accordance with international standards. Presently faculty is undertaking major curriculum revision aimed at outcome based integrated curriculum with integrated assessment.

Teaching /Learning Methodologies

New teaching and learning methodologies are being introduced to inculcate the attributes of critical thinking and self directed learning among undergraduate students. At least three sessions of problem based learning are placed in each module. To enhance the application of basic sciences knowledge early clinical skill lab training has been introduced through skill lab. The clinical skill lab session are conducted daily for two hours for both years.

A well equipped **Clinical skills laboratory** has been established at Foundation University Medical College for undergraduate and post graduate training. With advancing technology this lab is mandatory to enhance the clinical skills of graduating physicians and to ensure patient safety. Recently the lab has been updated with latest simulation /manikins along with the provision of standardized patients .

Student Assessment

The Foundation University believes in continuous assessment throughout the year using multiple methods as it increases the reliability and validity of assessment. The students are assessed throughout the year using end of the module /block examination, PBL sessions assessment, tests involving written assignments and objective structural clinical / practical

(OSCE/OSPE) examinations. The students are required to score minimum 50% marks separately in theory and practical to get promoted to next class / qualify for the degree.

To implement integrated assessment, to ensure the quality and to maintain the secrecy a separate **Examination Cell** has been established at Foundation University Medical College/Islamabad campus which is fully equipped with required facilities and has dedicated staff.

Educational Research

To inculcate the culture of research at FUMC, department is conducting regular workshops on research methodologies. At the same time new teaching/learning methodologies and assessment techniques are evaluated to promote educational research. The department is also collaborating with other institutions at national and international level to promote multicentre educational research.

Student support program

Foundation university medical college has introduced student mentoring program to ensure students' personal and professional growth. Department of medical education supports the mentoring program through faculty development workshop.

EXAMINATION HALL

LABORTARY

TEACHING HOSPITAL

Fauji Foundation Hospital (FFH) Rawalpindi is the teaching hospital of FUMC. It was established in 1959 as a TB Ward. Over the years, it has grown into a tertiary care/referral hospital of 750 beds. The hospital is being converted to 850 bedded modern teaching hospitals at the cost of about Rs. 1.6 billion with provision of further expansion to 1200 beds. It has all the requisite specialties as per the PM&DC rules. It is financed and managed by the Fauji Foundation. It caters for the health needs of ex-servicemen and their dependants. In order to ensure the optimum utilization of the facilities at FFH, these are now being extended to the private patients. The hospital is spread over an area of 53 acres and is staffed by highly qualified/experienced medical personnel and has the latest equipment for diagnostic facilities alongwith modern operation theaters, intensive care units (ICUs) and a coronary care unit (CCU). The hospital is considered as the prime health facility of the Fauji Foundation.

LIFE IN FUMC

Accommodation

Hostel accommodation is available to boys and girls who come from abroad and different parts of the country on first come first serve basis. Hostels are managed by an experienced and competent management. The hostel administration makes dedicated efforts to provide necessary facilities and environments to boarders for their comfortable living conditions for academics.

ATM, PCO, tuck shop, photocopying and laundry facilities are available for boarders within the vicinity of the respective hostels.

Security and Janitorial

The hostels are provided round the clock security services through Security Guards, fenced boundary walls and elaborate CCTV systems. The Hostel administration ensures hygienic and clean living environment.

Transportation

Pick and drop services covering major portions of the Twin Cities are available on the prescribed routes (on payment).

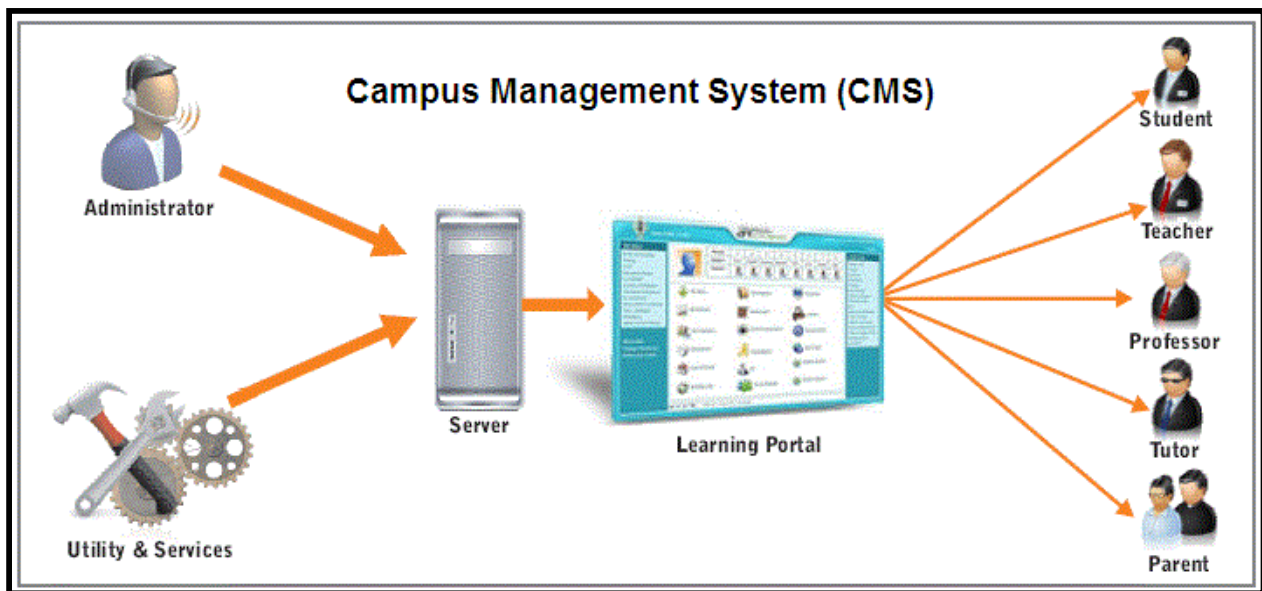

Health Cover

Outdoor treatment to the students is provided under arrangements of the Fauji Foundation Hospital Rawalpindi (FFH). For indoor treatment, the students have to pay the actual bill. Medicine is issued through authorized prescription only. The students are provided outdoor medical facility by FFH Rawalpindi as per following SOP:-

- Students desirous of availing subject facility will inform their Senior Class Teachers, and report to the Student Affairs to get the sick Report slip. Students then report to FFH. Sick Report Book is the document authorizing a student for treatment.
- Student Affairs maintains a register for the students reporting sick.
- The students report to Staff Surgeon (Male/Female) in FFH.
- Report Sick timings are between 1000 hrs to 1130 hrs daily, except emergencies. Students will intimate their disposal (Rest etc) to Senior Class Teacher on their return from FFH to avoid being marked "Absent".
- Students are considered as Civilian non entitled (CNE) patients by FFH and accounted for as such. Prescription slips are issued as for CNE patients by the Receptionist of FFH.

- Medicines are provided through Retail Issue Store (RIS) of FFH.
- Bills are not paid by the students at the time of treatment; instead these are sent by FFH Rawalpindi to FUIC in the first week of succeeding month.
- FFH sends the medical treatment bills to the Administration of FUIC. The same are forwarded to the Accounts branch
- Accounts Branch clears the bills, after requisite scrutiny, by 10th of each month. The same are charged to the students in their annual dues.

CAMPUS MANAGEMENT SYSTEM (CMS)

CMS is under the deployment phase at FUMC. In addition of other modules, it also includes a Student Portal which can be accessed online. The student portal provides an interface to various activities performed during the whole academic year. It keeps students update about:-

- Module Timetable and Attendance View.
- Assignment submission and helping material download
- Module activities like assignments, quizzes etc, view and performance evaluation.
- Teacher Evaluation participation
- Helping and Reference material download

- Announcements and Events alerts.
- SMS alerts on specific activities.
- Communication of results of end-of-module, Pre annual and University exams to the parents.
- Communication of attendance record to the parents of students on monthly basis.
- Communication of less than 75% attendance to the parents on quarterly basis.
- Preparation of daily absentee reports of the students and forwarding it to the Accounts Branch on monthly basis.
- Preparation and updating the session-wise list of the students, their addresses and telephone numbers..
- Help in maintenance of discipline and keep a record of disciplinary actions taken against the students.

CAFETERIA

Facilities

INFORMATION RESOURCE CENTER (LIBRARY)

The library books, journals and periodicals have been carefully selected keeping in view the needs of the scholars and researchers of Foundation University. The diverse collection of journals, encyclopaedias and course-specific books are continuously being enhanced to meet the ever changing requirements of students. Libraries have ventured into the realm of e-knowledge and online resources in collaboration with HEC are available for latest information.

To assist the classroom teaching learning process, the libraries maintain an audio-visual collection including CDs and audio & video cassettes on various topics.

Medical Laboratories (Labs)

There are fully equipped state-of-the-art laboratories for Physiology, Biochemistry, Histology, Pathology, Pharmacology and Forensic Medicine. The departments of Anatomy, Forensic Medicine, Pathology and Pharmacology have their own museums. Moreover, there is a dissection hall in Anatomy Department and Clinical Pathology laboratory in the Fauji Foundation Hospital.

Computer Cell

Computer Cell has established three computer labs across FUIC campus. Computer labs are equipped with Latest Computer System. These labs are used for scheduled classes as per required for Medical student and for different conferences. Printing options available in the labs for students and faculty. Wi-Fi facility is available for students, faculty and staff.

Auditorium

The College has state-of-the-art Auditorium. It has central heating and cooling system with a seating capacity for 600 persons. The auditorium has top of the line acoustics and audio video facilities. It is a unique facility available in the city and one of the few purposefully constructed auditoriums in the country for organizing / holding curricular, co-curricular and social events.

Lectures / Seminars /Workshops

The College frequently arrange lectures/seminars/workshops on contemporary academic and social issues. Eminent scholars from Pakistan and abroad are invited to speak on a variety of topics.

Extra/Co-Curricular Activities

University believes that extra/co-curricular activities are essential to groom students; therefore number of societies/clubs are available to promote such activities and organize various events throughout the academic year.

SPORTS WEEK

WORLD HEALTH DAY

AEME

Association for Excellence in Medical Education

Conference 2015

BLOOD DONATION

Counselling & Mentoring

The senior faculty members are designated as class coordinators to provide guidance in all the academic/personal affairs of the students. The students are encouraged to seek help for timely solution of their problems. Counselling builds confidence in the students and they never feel alone when facing any problem relating to academics or other matters.

Communication with Parents

Complete involvement of parents is required for the students grooming at the University in academic/out look. At the end of the term, parents/guardians are informed of the student's performance. The attendance record of the student is also communicated to seek parental guidance for the required remedial measures. Parent teacher meeting is held on annual basis.

FINANCIAL SCHEME

- The Financial Assistance Program (FAP) being implemented in FUI since 2007 has been revisited in order to cater for the changes in the organogram and progression of FUMC into FUIC to include the Dental College and Institute of Rehabilitation Sciences.
- FUI is also mindful of the high cost of the professional education and other hardships of the parents. To address their predicament and to help the students pursue their educational goals a Need Based Financial Loan Program (Qarza-e-Hasna) has been implemented instead of Financial Assistance Programme from 2016.
- The Fauji Foundation in general and Foundation University, Islamabad (FUI) in particular is committed to provide most conducive learning environments at NO Profit No Loss basis. The FUI has a firm resolve that the talented students are not denied the opportunity of quality professional education due to lack of resources or finances. The University seeks out such students with potential to excel and support them with the Merit Based Scholarships. The assistance is awarded purely on merit and has no string / conditions attached to it for those who excel out/shine in studies (No categorization of civilians / armed forces etc).

MERIT SCHOLARSHIPS

- **Merit Scholarship (Open to all).** Students are eligible for award of merit scholarships on attaining a position in the professional examinations. The merit will be determined on the basis of result of annual / semester examination issued by the Controller of Examination. The merit scholarship will be granted to the number of students as follows:-

	MBBS (Maximum)	BDS (Maximum)
○ First Position	30% of tuition fee	30% of tuition fee
○ Second Position	25% of tuition fee	25% of tuition fee
○ Third Position	20% of tuition fee	-

- NOTE:** The number of positions will be proportional to class strength
- a. Upto 49 students - 1 Scholarship
 - b. 50 – 100 students - 2 Scholarships
 - c. Above 100 students - 3 Scholarships

- **Eligibility**
 - Merit Scholarship will be entitled to the registered students or who have been accepted for admission in FUIC.
 - Has not been involved in any disciplinary case in that semester / year.
 - Has not failed in any subject / course in that semester / year.
 - Minimum CGPA of 3.00 out of 4.00 or 60% marks for MBBS / BDS.

- **INCENTIVES FOR BOARD POSITION HOLDERS**

Board position holders for undergraduate admission will be offered Scholarships / financial incentive for 1st semester / 1st year as under:-

- 1st position holder 100% tuition fee waiver
- 2nd position holder 75% tuition fee waiver
- 3rd position holder 50% tuition fee waiver
- 4th position holder 40% tuition fee waiver
- 5th position holder 30% tuition fee waiver

- **FINANCIAL LOAN – QARZA-E-HASNA**

- Financial Loan is provided to maximum 10% of the needy and deserving students. Irrespective of being enrolled in the campus, defence forces personnel or civilian category.
- Extreme compassionate expatriate cases (loss of parents) may be considered for sanction of the loan by the Rector, FUI.
- The FUI Secretariat will place the amount annually for disbursement as Financial Loan – Qarza-e-Hasna to the undergraduates two months before the start of new session i.e. annual / semester.
- The range of loans should be upto a maximum of 50% of tuition fee (fresh application) which will be reviewed each year.
- Loans are repayable any time during / after graduation. The repayment is voluntary and should be done over a period of five to ten years, depending upon the amount of loan.
- The available amount shall be distributed among the applicants, on the basis of need of each case, as deemed appropriate by the Financial Loan Committee (FLC).
- Financial Loan is decided on the basis of information provided in the Application Form and scrutiny / verification by the FLC.
- Students have to apply for Loan two months before the commencement of new session i.e. Annual / Semester.
- Loan will not be applicable to 1st Professional / Semester .
- The student should apply for loan every year and they will be reassessed every time a fresh.
- Any false information / declaration or concealment of facts will lead to cancellation of any loan and even admission to the college as Recommended by the FLC.
- The Financial Loan form will be available from the Student Hub and at the FUI website <http://www.fui.edu.pk> free of cost.

- **ELIGIBILITY**

A student is eligible for Financial Loan if he / she :-

- Is a registered student of FUIC.
- The total assets of the parents (other than their personal residence) does not exceed five million.

- The student should maintain a minimum of 2.5 CGPA out of 4.00 or 55% marks in FUI Semester / Annual examination respectively to remain eligible for loan in the coming academic session. He / She should not have failed in any subject / course during the current annual / semester examination.
- Is not punished in any serious disciplinary case.
- Is not drawing any financial benefit from any other source equivalent to 50% of the tuition fee of that year.
- If a student is drawing any financial benefit from any source he/she will not be eligible for Financial Loan of more than 25% of the tuition fee.
- FLC can recommend financial loan upto a maximum of 50% of the tuition fee in special cases if deemed necessary.
- In no case a student is to be given any cash payment. The transaction will be made by FUI to the institute / college and student will be informed.
- In case of limited amount available preference will be based upon the academic merit of the applicants.

Admissions

150 students will be admitted per year. Admission in FUMC is open to all students irrespective of sex, religion, colour, creed, class and domicile who are academically qualified for admission to the courses of study offered by the college.

The admission is offered strictly on the basis of merit determined by the university as per the admission criteria set by the PM&DC.

Applications

Prescribed admission forms are available from the office of the Manager Students Affairs and various locations notified in the advertisement. Online application form may also be downloaded from the university website www.fui.edu.pk. Applications are received after the appearance of advertisement in the national press.

Application Requirements for Medical Students

Following requirements of the Pakistan Medical and Dental Council (PM&DC) & Foundation University Islamabad (FUI) must be met by all the applicants seeking admission in the MBBS program.

Prerequisites for Pakistani Candidates

- FSc (Pre-Medical Group) securing at least 60% (unadjusted) marks.
- Examination equivalent to FSc from a foreign university examination body / foreign education system with three science subjects out of which Chemistry and Biology are essential subjects with 60% marks in aggregate as certified by the IBCC.
- Provincial entry test is mandatory for admission in MBBS / BDS.

Prerequisites for Overseas Candidates:

- 23 x candidates to be admitted in Expatriate / Foreigner Category. Following category of students shall be eligible for admission on Foreign / Expatriate seats:-
 - Pakistani National who has passed an examination equivalent to FSc from a foreign university / examination body / education system with three science subjects out of which Biology and Chemistry are essential subjects with 60% marks in aggregate as certified by IBCC, Islamabad.
 - Foreigners and Pakistanis having dual nationality / resident status of a foreign country irrespective of study In Pakistan or abroad.
 - Pakistani student who studied abroad for and have passed premedical FSc / HSSC / Intermediate with more than 60% marks.
 - SAT-II Examination score with minimum 550 marks in each of three subjects or MCAT of minimum aggregate score of 24.
 - An alternate to SAT-II / MCAT is the provincial entry test.
 - TOEFL or ILETS with score of 500 or 5.5 only if the medium of instructions of study two years prior to admission / entry test is not English.

Last Date for Submission of SAT II and TOEFL / IELTS Scores

- The last date to receive SAT II and TOEFL / IELTS scores in the Admission Office is November 15, 2016. Candidates must submit attested copies of the same to meet deadlines followed up with originals.

- Applications will be considered for further evaluation only if Equivalence Certificates, SAT II / MCAT and TOEFL / IELTS scores are received in the Admission Office latest by November 15, 2016.

Validity of Test Scores

The SAT II and TOEFL / IELTS scores are valid for a period of two years from the date the test is written. For admission to the 2017 academic year, SAT II/MCAT and TOEFL / IELTS written from November 15, 2014 and thereafter will be acceptable.

Documents to be Submitted

A candidate, who is eligible for admission, must submit attested copies of the following documents (as indicated against each) along with the application form and the Deposit Slip covering the application fee by November 15, 2016.

- National Identity Card of Father/Guardian (one copy).
- Bank draft of Rs.2100/- as processing fee (medical students in case of downloaded form).
- Attested photocopy of Domicile.
- Three recent passport size coloured photographs of the applicant.
- Copy of Admission Card of Provincial / Federal Government Entrance Test.

The expatriate candidates will provide the following documents.

- Proof of dual nationality i.e. NIC from Pakistan (Photocopy) and Proof of foreign nationality.
- Passport with Visa (Photocopy)
- SAT II examination score with minimum 550 marks in each subject (if required) or MCAT with minimum aggregate score of 24%
- Valid TOEFL or IELTS with a score of 500 or 5.5 respectively (If required)

Defence Personnel

- Serving Certificate of the Parents, duly signed by the commanding officer of the father/mother, serving in the Pakistan Armed Forces.
- In case the parents are retired from the Defence Services, a copy of the pension book attested by a serving/retired Commissioned Officer.
- Letter for Reserve Seats of Shuhada from AG's Branch, GHQ, Rawalpindi (if applicable).

FF Employees

To provide service certificate duly signed / certified by the relevant FF authority.

Equivalence Certificates

It is the responsibility of all those candidates having foreign qualifications i.e. other than Matric/FSc (Pre-Medical) from Pakistan, to obtain recognition of their qualifications and equivalence certificates from the Inter-Board Committee of Chairmen (IBCC), Islamabad.

Address: Inter-Board Committee of Chairmen (IBCC)
At Federal Board of Intermediate &
Secondary Education
Sector H - 8/4, Islamabad
Ph.#:051-9235017, 051-9235020,
051-9235021

The equivalence certificate (Photocopy) must be attached with the application form.

Note:

These documents should be posted through a reliable service or delivered in person at the Student's Hub during the following timings on or before the last date of receipt of the application as advertised.

Monday to Thursday	08:30 am	to	02:00 pm
Friday	08:30 am	to	12:00 noon

Entry Test

- Federal/Provincial Governments will hold Central Entry Test for admission in MBBS in their respective jurisdiction to determine the merit.
- No admission will be given without Federal / Provincial entry test and an alternative to the entry test for Expatriate/Foreign students is provision of SAT–II examination result with minimum 550 marks in each of the three science subjects out of which two have to be Biology and Chemistry.
- The entry test of all the Provinces or Federal Government (according to their domicile certificates), shall be acceptable for admission in FUMC.
- AJ & K candidates desirous of admission in FUMC, shall provide PM&DC authority for validity of Provincial Entrance Test.
- It is the responsibility of the applicant to provide copy of Admission Card of Provincial / Federal Government entrance test. FUMC will download their result.
- All admission in FUMC will be completed by 30th November and list of the admitted students will be sent to PM&DC.

Selection Procedure

- The applications for admission are reviewed by the Admission Committee.
- The candidate can apply as Pakistani resident or Expatriate/Foreigner. The applications to change the status from Pakistani to Expatriate will only be considered if there are seats left in the Expatriate/ Foreign Category.
- The relative weightage of all the components of the Admission process i.e. the academic achievements in SSC, HSSC or its equivalent examination, Provincial Entry Test and Institutional aptitude test marks are added to determine the final merit.

The weightage for calculation of the merit is as under:-

Pakistani Students:

Matric / Equivalent	-	10%
Intermediate / Equivalent	-	40%
Provincial Entry Test	-	50%

- An aptitude test / interview of short listed candidates will be held by a panel of three/four members of FUMC selection team.
- Verified Hafiz-i-Quran shall get credit according to the Government admission policy.
- The decision of the Admission Committee is irrevocable and final. The authorities are not bound to explain the reasons for their decisions to the applicants, their parents or guardians.

DISTRIBUTION OF SEATS

○ Open Merit	-	97
○ Retired Category	-	15
○ Serving Category	-	15 *
○ Expatriates	-	23
○ FF Beneficiaries	-	Civilians Serving in Fauji Foundation will be at par with Armed forces Serving personnel.

* Including 2 seats reserved for the wards of Shuhada's in MBBS.

NOTE:

In case the merit of reserve categories i.e. serving or retired category falls below than the open merit the selection will be as per the higher merit i.e. open merit list.

Overseas Students:

Will compete among their own category.

Students Registration

- The students admitted in college will be registered with FUI.
- The MBBS students will also be registered with the PM&DC, within three months of admission through the Principal's office, failing which they would not be allowed to continue further studies. It is binding on the students and the College to ensure compliance.
- A student shall be registered as a medical student only if he/she fulfils the admission criteria and falls within the seats allowed to the college.
- Every medical student registered with the PM&DC shall be furnished a student registration number, a certificate and a picture identity card which shall be prominently displayed by the student throughout his/her study.
- FUI shall issue only provisional enrolment to the medical students and once the student is registered with the PM&DC, he/she shall be issued a permanent enrolment.
- Foreign students seeking admission in the University can submit their applications along with application fee through their respective Embassies/High Commissions. For detailed instructions please visit Higher Education Commission website www.hec.gov.pk.
- The admission forms and salient features of the prospectus are also hosted on the website www.fui.edu.pk. The candidates may download the application form and mail it along with a bank draft of Rs. 2100/- for inland and US \$55.00 for expatriate / foreign candidates.

Graduation / Convocation

House Job

A house job is compulsory for full registration with PM&DC. 100% paid house job is provided to FUMC graduates. Only provisionally registered Doctors shall be eligible for house job and house job can only commence after provisional registration. Provisional registration certificate shall be issued for one year and may not be extended further without valid reasons. House job training shall be carried out in a hospital recognized by the PM&DC for the house job.

FUIC Alumni

The FUICOLIANS are the Alumni of the institution. The Alumni get-together is held annually. The Alumni body of FUIC was established to fulfill the following aims & objectives:-

- Foster the spirit of brotherhood and comradeship among the alumni of the University.
- Provide a forum for the alumni for exchange of ideas on academic, cultural and social issues of the day.
- To promote more effectively the welfare and interests of the University and its alumni.
- To support the University's aims and objectives and uphold its reputation as ambassadors of the University.
- To provide networking opportunities through the development of programs and initiatives that will foster relationships among alumni, students, faculty and university professionals.
- To offer continued educational opportunities.
- To support FUIC fund raising initiatives including scholarships.
- To create an opportunity to stay connected to FUIC.
- To provide leadership opportunities.
- To arrange social and cultural functions.
- To support the development of University services through advice, consultancy, assistance with recruitment of students and faculty or any other means.

- To develop linkages for mutual benefit (such as research) with other professional alumni bodies.

They are connected to each other on facebook and website www.facebook.com/groups/fumcolians

The beta version of upcoming alumni website will be launched soon at beta.alumni.fui.edu.pk and the old website will be merged with the new one. The ex students will then further update their CVs in the new website.

FACULTY OF MEDICAL SCIENCES

The Faculty of Medical Sciences consists of very experienced and highly qualified professionals imparting Medical Education to Undergraduate Medical students in the Basic, Pre Clinical and Clinical Sciences Divisions of Foundation University Medical College (FUMC).

BASIC SCIENCES DIVISION

Department of Anatomy

Head of the Department

Professor Dr. Huma Musarrat Khan, MBBS, FCPS (Anatomy)

Faculty

Associate Professor

Dr. Saadia Rashid, MBBS, M. Phil (Anatomy)

Assistant Professors

Dr. Lubna Akhtar, MBBS, FCPS (Anatomy)

Dr. Ayesha Faud, MBBS, M.Phil (Anatomy)

Dr Nadia Rashid, MBBS, FCPS (Anatomy)

Demonstrators

Dr. Muhammad Saad Abdullah, MBBS

Dr. Jaweria Tariq, MBBS

Dr. Mehwish Salam, MBBS

Dr. Aleena Younis, MBBS

Dr. Usman Feroze, MBBS

Dr. Aliya Shabbir, MBBS

Dr. Ayesha Ali, MBBS

Dr. Nibha Fatima, MBBS

Dr. Nayab Mumtaz, MBBS

Dr. Syeda Rabia Shabbir, MBBS

Dr. Zeeshan Munawar, MBBS

Dr Nadia Ambreen Qureshi, MBBS

Head of the Department

Prof. Dr. Maryam Wahid, MBBS, M. Phil, Ph D

Faculty

Associate Professor

Dr. Ayesha Farooq, MBBS, M Phil, Dip Nutrition

Dr. Seyyedha Abbas, MBBS, M. Phil, Advanced Level Diploma in HPE

Assistant Professor

Dr. Maleha Asim, MBBS, M. Phil

Demonstrators

Dr. Aiman Saulat, MBBS

Dr. Azka Batool, MBBS

Dr. Faryal Husnain, MBBS

Dr. Zara Khalid Khan, MBBS

Dr. Muhammad Zubair Faiz, MBBS

Dr. Shabi Ul Zahra

Department of Physiology

Head of the Department

Associate Professor Dr. Abdur Rauf Malik, MBBS, M. Phil-I

Faculty

Associate Professors

Dr. Sadia Ahsin, MBBS, FCPS

Assistant Professors

Dr. Gul-e-Naghma, MBBS, M. Phil

Dr. Madiha Imran, MBBS, M. Phil

Dr. Tehreem Aftab, MBBS, FCPS

Demonstrators

Dr. Muhammad Bilal, MBBS

Dr. Sundus Durrani, MBBS

Dr. Ayesha Jameel, MBBS

Dr. Sahira Gul, MBBS

Dr. Ali Riaz, MBBS

Dr. Javeria Noshad, MBBS

Dr. Ambreen Nawaz, MBBS

Dr. Zainab Taj, MBBS

PRECLINICAL SCIENCES DIVISION

The third year of MBBS program marks transition from pure Basic Sciences to preclinical and clinical subjects. The main areas of study during the third year comprise of General Pathology & Microbiology, Special Pathology, Pharmacology & Therapeutics and Forensic Medicine. For conceptual learning and better understanding, these are integrated with each other into the modules with further vertical integration with basic and clinical disciplines, wherever applicable.

Department of Pathology

Head of the Department

Professor Dr. Faiza Kazi, MBBS, MCPS, FCPS
